

Instructions for Configuring iPad Access to PowerTeacher Mobile

1. Go to the Apple App Store and search for Pearson – The application (free) is called **PowerTeacher Mobile**.
2. Install the application.
3. Click **Settings** – **Server** and enter the server information.

We will be entering the **Server Address**, **Port Number**. Make sure **SSL Enabled** is on.

More Instructions Below

4. Click **Login** – Enter your credentials. Remember to select a school.

The screenshot displays the mobile application's login interface. At the top, a dark header contains the word "Login" and a "Settings" button. Below the header is the Pearson logo, which features a cartoon teacher and the word "PEARSON". To the right of the logo, the text "PowerTeacher MOBILE" is displayed. The main content area is a white box with a dark header labeled "Login". Inside this box, there are three input fields: "User Name" containing "jess_glatz", "Password" with masked characters, and "School" containing "Amherst Jr High". A "Login" button is positioned at the bottom right of the form.
